

**Job Title:** Plastics crew – Seasonal

**Reports to:** Crew Leader

***Must be at least 14 years old***

**General Description:** The Plastic Crew oversees the cleaning of plastic buckets, totes, and lugs used to hold blueberries during harvest. This crew works under an awning in the front of the packing facility, not inside the facility itself. This seasonal position is for harvest season only, which can begin early June to early July, and go through August. The crew works a set schedule, 3 days a week for 5 hours each shift.

**Essential Functions:**

Knowing and following all company health, hygiene, safety and security policies

Washing and drying plastic buckets, totes, and lugs by hand.

**Working Conditions:** Standing for 5 hours on concrete, in a hot, outdoor shaded environment. Repeatedly walking and bending to clean and move buckets.

**Job Requirements:**

- At least 14 years old
- Able to work well with a team and be flexible with job tasks.
- Able to stand on concrete for up a 5 shift in a hot summer environment
- Available to work 15 hours each week
